

Dallas

Our family adopted Dallas formally (Twix) almost a year ago in May of 2018 and he's been the missing piece to our family we never knew we needed. His sister (our 8 year old daughter) had been begging for a puppy and he was the CUTEST puppy ever & won her over rather quickly. He's 72 lbs of pure energy that loves his family, playing fetch, catching bubbles and eating of course! We couldn't imagine life without our dally boy!!
