

# Frida

We adopted Veruca Salt on October 6. We changed her name to Frida and she went from city dog to farm dog. She loves all the wide open space to run. She is so smart! She quickly learned how to navigate cattle guards, but is still learning that she can't chase the cows and horses ;) She had been surrendered to you guys 2x because she was so active. Looks like the 3rd time is the charm! We love her <3
