

Taz

On December 24th 2011, Taz was surrendered to the San Antonio Humane Society after his owner in the military was scheduled for deployment overseas.

Over the age of 3years old, his chances of being rescued were slim. But Daniel R Davis and I couldn't resist him and his 30lbs of fluff.

Now he's lost some weight as ordered by the vet and is the sweetest senior cat our family could have ever hoped for.
