

Teddy Ruxpin

We rescued Teddy Ruxpin April of 2018, in the past 11 months he has completely transformed, from the timid, shy, and skittish dog he was from when we first met him, to a full of life sweet, loving and cuddle loving dog he is today!

He loves to spend his days outside enjoying the sun and fresh air when the Texas weather permits!

He loves climbing up on the couch to cuddle with his Tony human friends, and longing around the house with his little dachshund friend!

He definitely has changed our lives for the best! We could t imagine life without our old man!
