

Miko aka George

Hi! This is "George" now Miko. We adopted him about a year ago after a tragic accident took our beloved pet. My wife and daughter drove from Las Vegas to the San Antonio Humane Society, and fell in love at first site. After a little bit of getting used to our home and people, (we have 4 kids and 2 sets of adults), and 3 other dogs he has become a wonderful part of our everyday life. My wife finally got him a bed beside ours, but I have let the dogs sleep with me since I was a kid, she doesn't agree. We have another house in the country and he and the other dogs run until they collapse in the house. We are so very happy and wish all dogs could find homes and no more cruelty.
