

Nala & Epcot

We brought Nala home in January. We had adopted Epcot a year and a half ago (lab/rot mix) and she was needed a friend. Nala is a Sheppard/monster mix! She makes weird noises and often barks at her feet! I need to take her in for training soon or she will end up like "Marley" from the movie. She loves to eat rocks and anything else she can find. We have a 10 year old cat who is not a fan of Nala. Nala is not sure why Oreo doesn't want to play with her. We now have a complete pet family so I need to stay away from the pound so I don't bring any more pets home.

I'm thinking about volunteering this summer so I can continue to love on the puppies and kitties. On the pictures you see Nala and Epcot playing on the bed.
