

Sophia

Our new kitten Sophia has fit right in with our family. She is just about the sweetest thing ever. The kids LOVE her to piece & there is hardly ever a moment that one of them doesn't have her or she is hanging out in their rooms. She LOVES to sit with me when I'm on the computer & will get on the desk & chase the computer mouse on the screen. We TOTALLY ADORE her & are really looking forward to a life well spent with her. Thank you so much for letting us adopt her.
