

Stud "Ghost"

2007-2010

I wanted to share my humane society success story. In 2007, I found my best friend and companion at the shelter, his name was ghost which I changed to Stud. Stud passed away this year due to complications from swallowing a rawhide. I was devastated from the loss of my friend. I recently went to the shelter and I found Moppie, rather he found me. Both of these dogs have touched my life and my heart and I am glad to give them a second change. I also adopted a beautiful cat name Fergie "lilly" in 2007. These animals are such a delight and bring me joy everyday!

Thank You,
Jennifer
