

## From Sarah: Dutchess

"Just to let yall know that dutch has changed her name to Dutchess, Sounds more like a girl's name than dutch hehe.

She has been a joy to have in our family, she amazes us every day. She eats very well at least 2 cups for breakfast and dinner. We haven't heard her bark yet. Her vet says that she hasn't found something to say. Dutchess has learned to sit and give her paw on command. We have ran into one behavior problem, she likes to chew on the outside landscape lights. I think she doesn't like the way they are set up so she changes them for us,haha. We bought some chew toys and at night she sleep in a doggie kennel with a spical pillow just for her. So all and all she is a great dog with lots of wonderful features to add to our family. I have also noticed that dutchess has made our in door dog figure that dutchess is the big dog here and they have to learn to live together. We look forward to seeing her grow and become a wonderful part! of the Vitola family."
