

From Martin-Rodriguez Family: Lucky & Sally

"Sally, a 1½ year old Shepherd mix, was adopted in October 2007. She and her siblings were found a few months before, scared and helpless in a dumpster. Luckily, they were brought to the shelter, where they received care and lots of love. As Sally got a bit older, she had to have her eye removed. She is doing very well and has blossomed into a wonderful companion for the Martin-Rodriguez family! With so much joy and compassion, Sally was ready for a new friend. So the family came back to the shelter, a year later, and adopted Lucky, a 2 month old Chihuahua. Ready to begin their new adventure, the family posed for a quick photo and were on their way!"
