

Taco

"Molly Mimms brought Taco into the Humane Society after her mother, Nancy Mims, a long time supporter and volunteer, passed away. After finding homes for all of her mother's other animals, she was left with this last 12 year old pet. No one had room for Taco. Being the lovable cat that he is, Taco found new friends at the Humane Society and he lounged around in the Director of Development's office on frequent visits. Only a week passed when Sarah March showed up to become Taco's new forever home. Sarah and her husband fell in love with Taco immediately and decided to adopt him."
