

## From Robert Dodd: Tanner

"Here are a couple of pixs of Tanner from the other day after some water play. At 5 months old now, he is a bit larger than when we first got him. He is absolutley the perfect family dog. If you're up and moving he wants to be right there with you, loves to play in the water, chase tennis balls, sticks, squirrels and leaves blowing across the yard. At night when everyone starts to settle down in the house he just curls up at your feet until it's bedtime where he goes into the bathroom and curls up between the wall and toilet for the night. (he is finding it harder and harder to get his big body in that space each day)

Thanks again for intoducing him to our family."
