

Velvet

Hi! My name is Allison, my husband and I adopted Velvet (nicknamed Tibby by the SAHS staff) 4 years ago! When we first adopted her she was 4 and scared of literally everything, didn't know what a toy or stairs were. It took her a long time to open up but with lots of love, she slowly became a confident, happy dog! She is an absolute sweetheart who we (and our other terrier) have loved since day one. She learned how to enjoy toys but her favorite things in the world are being petted & falling asleep on laps!

Thank you,
Allison
