

# Fenyx

A year and two months ago I found my forever puppy!! Thank y'all so much!!!

I remember when I walked in after a day of looking for puppies, she'd only been around for two hours. I can't remember how she was found, but I was so thankful that I saw her (I was praying so hard that no one else wanted her because I wanted her once I laid eyes on her). When we sat in the room, she cuddled up to me and instantly fell asleep. I knew then she was it! She is literally the perfect addition to our family and she fits her name, Fenyx <3
