

Peach

Hello! I wanted to give a quick update for my baby peach since today is her 2nd birthday. We adopted Peach (formally known as Grapefruit, we stuck with the fruit names) when she was 3 months old and she has been our best friend ever since. When she's not napping on anyone else's bed but her own, she loves to play with her toys, her humans and her dog siblings. She is very curious and always wants to be in the center of whatever you're doing. She makes us laugh all the time with her big personality and her cuddly spirit. She is our best friend and our life wouldn't be the same without her. Thank you SA Humane for giving us our puuuurfect match
