

Hello,

I just wanted to send a big thank you to your team. I know it is always rewarding for your team to hear success stories. My pup, Boerne, is the sweetest boy and I feel so fortunate to be his person! He is now 3.5 years old and I have officially had him for 3 years.

I had gone back to the humane society so many times to find the perfect dog. I remember how long I waited for the applications on him to be cleared and for me to be able to apply, because I knew immediately that he was the one I wanted when I saw him! He is my very best friend and has helped me through so much navigating post-graduate life and adulthood, moving to a new city and starting over. Thank you for giving so many sweet pups a second chance at a forever home, I am so thankful Boerne found his with me. My life is so much sweeter with him in it!
