

My name is Amy Downs. I adopted Sadie in May of 2011. Her name with you was Dorothea. Animal ID A13029306. She has been proudly loved all of these years and we are still doing well. She has recently been able to become a mommy to a stray kitten we found. So now she has a buddy for when I go back to work. She has seen me through some tough times and although she can be a snob, she is very loving when no one is looking. Lol I am so grateful for my forever part of my family. She is still very playful despite being older.

Sincerely,

Amy Downs and Ms. Sadie May Kenning
