

Vince is thriving in his FURever home! He loves swimming in his giant pool, taking naps on the couch, dancing with dad and enjoying car rides to go pick up dinner.

"He drives with us to pick up food or drinks and everyone falls in love with him! They give him all sorts of treats. His favorites are Starbucks puppy lattes and Freddie's Frozen puppy custards! We love him very much and he will be with us for all of eternity."

John
