

SUCCESS STORIES!

“I wanted to give you an update on **Max** (aka **Charlie Brown**). He is totally spoiled now. His personality is a great fit for our family. He likes to sleep in, instead of waking up early.”

“He likes saying goodnight to my daughters before we go to bed. He has 2 blankets and a bed, even though he is always with one of us at all times. The one thing I love most about Max, is he likes to dance, play and be completely silly.

I can't begin to imagine our family without him. Thank you for all that you all do. I got the pup that I wanted during a time that I didn't think I would ever be able to one.
