

# SUCCESS STORIES!

“ I adopted **Moon** (formerly known as **Mo**) last November and he has just come out of his shell! When I was looking to adopt from your facility I originally was interested in another, but this little timid cat took my heart.”

“ **Moon** loves lounging around on the couch, playing with his abundant amount of toys, and even has become nice riding buddy when I went back home for the holidays. I saw your Instagram post and just wanted to reach out for giving me the opportunity to be his FURever home!”
