

SUCCESS STORIES!

“ My husband and I adopted **Pancho** (aka **Buddy**) almost a year ago today. He melted my heart when I first saw him walking on two legs and he just wanted to stay by me at the shelter. He warmed up to our apartment real quick and is still a little cuddle bug!”

“ And absolutely nothing phases him even though he only has one eye. He’s the spunkiest, fearless, most fun-loving little dog we’ve ever had! Thank you so much for helping Pancho and giving us one of the best pups ever!”
