

# SUCCESS STORIES!

“ It has not been a full 6 months, but **Squirt** has shown me his loving personality within a few weeks of adoption on May 30th, 2020. Out of Squirt and Kobe, he chose **Duke** as his new name, with a wag.”

“ He is always in need of affection. Loves to run around and smell my plants and hang out with friends and their pets. He already has regular friends he plays with! He may move home with me to California next year, but he is always up for adventures. Thank you for this wonderful dog. He is my safety blanket, as much as I am his.”
