

SUCCESS STORIES!

“ Just wanted to share an update on **Phoenix**, now known as **Rabbit**! He's such a happy, goofy, lovable pup. He often goes with me out in the community shopping, visiting people, etc and everyone falls in love with him.”

“ I work from home as an artisan and jewelry maker and he's a great little 'helper'. He's the best. One last very cute thing. My partner has a 10-year-old lab mix, Marduk, and the two have hit it off! ”
