STORIES!

“

It's been almost a year since I've gotten **Barry** and he's the BEST DOG EVER! He's really protective, but sweet. He's also a HUGE velcro dog. He always has to be in the same room as me or else he'll start crying.”

“

He's good being on his own but also with me. I know he was one of the longest residents there before I adopted him last year. Needless to say, Barry has become a BIG part of my life!”
