

SUCCESS

STORIES!

“

We adopted **Bella** at nine weeks old from your facility in February of 2009. She has been a wonderful, faithful little companion for us now for almost 14 years.

We have attached Before (9 weeks old) and After (13 years and 9 months) pictures.

She is getting older but loves her morning walks, and her evening and morning snacks. She has made us happy and continues to do so.”
