

SUCCESS STORIES!

“

I adopted **Beverly** in 2017 when Hurricane Harvey hit Texas. She was about 10 years old, reactive to other dogs, cats, and had the nickname "Queen B". She was spoiled due to her length of stay and her age. When I brought her home, management was the only way to keep everyone safe... until we moved. We moved into a new home and she just clicked.”

“

Over the course of four years with us, she learned how to "dog". Beverly lived her life with 4 doggy brothers and sisters and 1 cat sister and with all of the craziness in the beginning, she fit in without family and became one of the best parts. This grumpy old lady will forever have a place in my heart and the void in our home is felt every day.

I love you Beverly "Queen B". Your goofy smile and tippy taps are missed everyday. Momma loves you.”
