

# SUCCESS STORIES!

“

We still say every single day how lucky we are to have had the chance to adopt **Boosie**.

He absolutely loves people and loves to take trips where he can indulge in attention considering how gorgeous he is! My only complaint is that I didn't meet him sooner.

“

One of the best things about Boosie is his ability to change one's perspective of Pit Bulls in general. Boosie has even inspired me to volunteer with multiple rescue organizations and also to advocate for Pit Bulls everywhere.

Thank you to the SA Humane Society for being a huge part of our lives and for allowing us the opportunity to love and be loved by Boosie.”
