

SUCCESS STORIES!

“

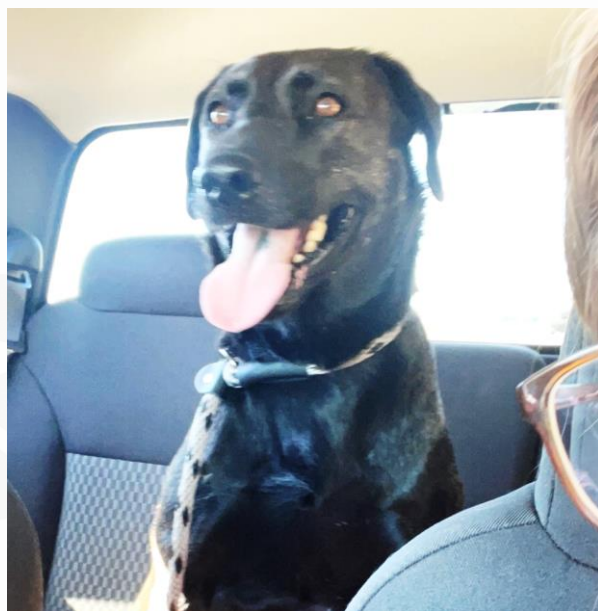

We just wanted to extend our gratitude for helping us add **Buffy** to our home and give you some updates!

Buffy has been such a blessing to us in such a short amount of time. She was a little shy at first but now, almost a month later, she is thriving!

“

Buffy loves to go for family evening walks and run in her backyard. Despite having two of her own beds, she loves to be snuggled up between mom and dad for bedtime.

We love Buffy so much and are so thankful for the San Antonio Humane Society for giving us our sweet little girl! ♡”
