

SUCCESS STORIES!

“

I wanted to pass along some sad news regarding our dog **Cairo** that we adopted back in 2010. We gave her an amazing life and loved her unconditionally until the moment she crossed the rainbow bridge. She made beach, lake and river trips with us, four moves, and helped us welcome a baby human sister.

“We're so thankful for the work you provide and giving us such an amazing and loving dog. When we are ready, we will be coming back to look for our newest family member.”
