“

I adopted **Tonka** (renamed **El Jefe Alejandro**) just a little under two weeks ago .

He's FIV+ which means nothing to him or me , a 6- year-old street cat, and he's the most cuddliest affectionate cat I've ever met ! During a vet visit, he made sure to give all the staff love and did amazing!”

“

He adjusted into my home very quickly and he's loving his viejito life. I feel like I've known this cat forever. He's my little baby and I love him very much . I hope others aren't discouraged to adopt a cat just because they have FIV or are a little older. They're just a cat like any other! Thank you, SA Humane Society, for giving us the opportunity to be in each other's lives.”
