

# SUCCESS STORIES!

“

I just wanted to share an update on our dog **Isla** (formerly **Annie**) whom we adopted in February 2021, when she was a young puppy. Isla was, and still is, unlike any dog we have ever met. She is fearless, headstrong, smart, and hilarious. Her personality is noticed by everyone from family and friends to dog trainers to other owners at the dog park.”

“

She has taught us so much about patience and perseverance, and we know she was meant for us. She turned one year old this past December and celebrated her one-year anniversary of adoption last month. We are so grateful for your team and all your hard work!”
