

# SUCCESS STORIES!

“

We got **Loki** as a puppy in November of 2018 when we took a family member to the SAHS to “just look around”. Of course, we immediately fell in love with this cutie when we saw him looking all sad in the puppy room and just couldn’t imagine leaving the shelter without him!”

“

He is the best dog ever, and has been with us through multiple moves, graduating college, getting engaged, starting new jobs, and we can’t wait to see what else we all get to do together. Loki loves to go on walks, shred toys, play with other dogs, and nap with our cats lol! He has made our lives so much better and is the best companion someone could ask for.”
