

SUCCESS STORIES!

“

I wanted to send a little update on **Tootsie**. (Formally **Gina** at the shelter). Tootsie is really starting to show her personality. She is still nervous when a stranger walks by, but when she's alone with mom and dad her goofy self starts to show.”

“

Her big sister Bisky was unsure of her at first, but they are now starting to play and take naps together. Thank you, San Antonio Humane Society, for giving Tootsie a second chance to be a dog.”
