

# SUCCESS STORIES!

“

10 years later and I still have our sweet girl **Wiley** that we adopted from y'all! We are now living in England! Went through quite the journey to get her here but there's no way we could have left her! She's been the best dog ever!”

“

She really is living her best life! She loves running through the fields and my in-laws are so in love with her! They spoil her with lots of treats and love! We also had her portrait done! She's seriously the best dog ever!

She's obsessed with my husband! She's always leaned on his shoulder and her and her little sister are like little and large!”
