

# SUCCESS STORIES!

“

I adopted **Zachary** from the San Antonio Humane Society almost 11 years ago, when I was stationed at Lackland Air Force Base. He was about 2 and a half years old at the time, and heartworm positive, but he had the biggest puppy dog eyes, and he was the only beagle mix at the shelter.”

“

When I saw Zachary online, I knew he was the dog for me and when I met him, it was an instant match. He's been with me now for just shy of 11 years, through multiple military moves, and he's still spry, stubborn, and just a huge ham. Thank you for bringing us together!”
