CLOSING DATE: OPEN UNTIL FILLED **STATUS:** FULL TIME/EXEMPT
REQUIRED EXPERIENCE: MIN 1 YEAR - DOE **BASE PAY:** DOE

REQUIRED EDUCATION: Applicant must provide proof of education from an accredited veterinary college and have, or in the process of obtaining license to practice in Texas. DEA preferred.

JOB DESCRIPTION

The San Antonio Humane Society is a “No-kill” facility with a 99.3% save rate. We are an award winning campus, a community leader in shelter medicine and spay/neuter services. We are located in a brand new medical building with advanced medical equipment. We provide great benefits, DEA licensing, TX License fees, AVMA membership, AVMA-PLIT fees, a Simple IRA, ASV, and VIN access. We are looking for a new member to join our team who is energetic, passionate about shelter medicine, and possesses the qualities of our core values: Responsibility, Respect, Customer Service, Integrity and Adaptability.”

The associate veterinarian will perform high volume surgeries (specifically but not limited to) spays and neuters on both public, TNR, and shelter animals at any location operated by the San Antonio Humane Society (SAHS). This position works with other associate veterinarians to complete daily rounds of all shelter animals to insure maintained medical and behavioral health. Writes and maintains SOPs when necessary. May also make sure protocols are followed by staff in times of outbreak/emergency. Applicants must be available by phone for consultation on patients belonging to the SAHS whenever staff is present within the building. The Associate Veterinarian position will be under the direction and supervision of the Chief Veterinarian.

- The applicant must be a good leader with a professional demeanor and presentation
- The application should possess knowledge of population medicine within a shelter environment, and strive to understand and overcome the challenges and rewards that come with this”
- The applicant must be cognizant of the limitations present in shelter medicine (diagnostic testing, medication costs) and work to the best of their ability with the tools available
- Must be capable of learning to operate and maintain medical equipment (bloodwork analyzers, digital x-ray, therapeutic laser, water treadmill, microscope, etc.)
- The applicant must be able to communicate effectively with all staff and administrators regarding medical care and protocols that are in place
- Should be able to identify own limitations and be willing to ask for help
- The applicant must be comfortable with public speaking as the applicant will be asked to communicate with a wide variety of audiences ranging from children to donors. The San Antonio Humane Society is proud of our relationship with the media and the applicant may be asked to make appearances as well.
- The applicant must be able to view each publicly owned animal as an individual and act in accordance with their veterinary oath
- The applicant may at times be asked to communicate with owners of these animals and needs to be able to communicate effectively and respectfully
- The applicant must personify the core values of the shelter: Responsibility, Respect, Customer Service, Integrity and Adaptability

Main Duties and Responsibilities

- Ensure the health and wellbeing of the animals belonging to the SAHS by effectively managing cases, and following established protocols.
- Capability of high quality high volume spay and neuters (HQHVSN) every shift. These normally range around 30-50 surgeries per day.
 - Previous high volume experience preferred

- Perform or arrange for other miscellaneous surgeries and treatments for animals owned by the SAHS (amputations, enucleations, entropion repair, etc)
- Consistent walk-throughs of the facilities to check the health and wellbeing of all inhabitants
- Supervision of the Surgery and Clinic technicians, including Performance Guidance and Reviews, Scheduling, hour approval etc.
- Supervision of the medical department and the maintenance of animal health
- Must be available by phone for consultation on patients belonging to the SAHS whenever staff is present within the building
- Provides holiday, disaster, and weekend coverage as required
- Other duties as requested
