Hello this is Lynnae Molina.

We adopted Dijonay on Monday and wanted to send in an update. We renamed her Darla and she has been the best dog we ever had! She's so well behaved, loveable, house trained and just all around great fit for our family. Everybody is just in love with her. She is great with our kids, dogs and cats.

(which my cats are still getting use to her, giving them a few days longer of separation and short interactions) She seems so happy to be here, we get lots of cuddles and licks. We are so happy we found her!
