“ Darla is fitting in and adjust very well with our family. Loves to cuddle and just overall happy to be HOME thank you to all of you for this awesome experience.

“She is thriving with us and our move to Colorado was a success. She loves the car and loves her new home. Thank you again for everything you all did for her.

Yes she loves it here. And we adore her very much she has really completed our family.

Best thing we have ever done was get her.
