

Success

Stories!

“

Matilda has a new name! She is now Gertie.

She is doing really well. Went to the groomer today for a bath and hair cut. Now she is Gorgeous Gertie (not that she wasn't gorgeous before!). She did great. Did not have to be kenneled after she was finished and got along great with the other dogs and the staff.

She is good on leash and knows how to use pee pads during the night. Goes to the front door when she wants to go out. Loved my 2 1/2 year old great granddaughter who came yesterday to meet her. Obviously belonged to someone. Wish we knew her story. And I hope there isn't someone out there heartbroken over losing her (I would be!).

“

I am so happy for the care she received while with y'all. I will be making an appointment with VCA using the certificate you provided, for the complimentary exam. She coughed a bit last night so I will ask them to check that since she was medicated for a cough while at the shelter and get Heartgard Plus for her.

I am hoping for many years with my sweet little Gertie! Thank you again for the care you provided to Gertie and all the other doggos and cats in your care.

Kind regards and blessings to you all.

Arlene
