"We just celebrated 1 year with the now named Juniper! You all take care of so many animals, but Juniper was returned to you multiple times and had a lot of anxiety and abandonment issues. I'm happy to say that after a long adjustment period with a lot of ups and downs, we remained consistent and patient with our little girl and now she is THRIVING. She is goofy, loving and being a sister to her pomsy brother is her favorite thing ever. Forever grateful that we found Junebug through @sahumane!"
