“

I can't believe tomorrow will be a week since we adopted Spark Pug from you all. We did change his name to Kratos.

I just wanted to let you know that he is truly thriving. In the week that we have had him he has had many walks, a vet check up with our family veterinarian, been to doggy day care 4 times now, chose many toys from petsmart, had way too many treats and has had tons of love and kisses.

You will also be glad to know the hair on his chest is growing back quickly!!

“We love him so much and he has fulfilled my life so much already, although I am sure he has no idea of it and would ditch me for a treat in two seconds.

Thank you for everything you have done for him and continue to do for the animals here in San Antonio. #adoptdontshop forever.

Sincerely,
