Stories!

“My husband and I adopted Moose in February and he has brought so much joy to our family we wanted to share! Currently Moose is in training to qualify to be a therapy dog at nursing homes. He already has passed 2/4 classes so far with 2 more upcoming. We are so thankful for the Humane society for being him into our lives. He’s playful, sweet, and loves to cuddle! He gets along well with our 14 year old dog and two cats. He’s such an amazing dog and we love him with all our hearts!
