" I adopted Paloma, formerly known as Rapunzel, from the San Antonio Humane Society late last summer. The first few weeks she was shy and loved to stay cuddled in her new bed. Simultaneously as she out grew her bed she also out grew her shyness developing the rambunctious confidence that she has today. Paloma's favorite activities are hiking, camping, and wading in water (not too sure about swimming yet)! She is VERY well socialized with her daily dog park trips to Tom Slick dog park, Texas Dog Co., and Hops and Hounds. Paloma is the easiest going dog I've ever met. She gets a long with her brother Beans (from the Raleigh Humane Society) and any dog she's ever met. In her spare time she loves chewing on bones and getting treats out of dog puzzles or snuffle mats. Everybody deserves a Paloma. Go adopt from the San Antonio Humane Society today!"
