Stories!

“Just thought we would send a couple of pictures to update y’all on how our two kittens are doing. We adopted them 11/26 and they were two months old in one day. One kitty was a boy Smokey Jr. , now known as Remmi and the girl was named Uhtred, now known as Cicci. They are doing great, and are really adjusting to the house. We have slowly introduced them from the bedroom or my 17 yr old granddaughter sleeps, to the living room, where our two pups live most of the time. They are a little shy, but very curious. Remmi is extremely curious and loves to explore, he is super cuddly and lovey. Cicci is not quite as cuddly, but she is warming up and will let us hold her for more time than she used to! She is very sweet and super good at jumping! We are a loving, having them in our home and part of our family!
