

Success

Stories!

"I adopted Rustee in September of 2022. He is so loving and always excited to meet new people! He is still learning but he is a very smart dog and learns fairly quickly. My boyfriend gifted me him and it has been the best gift I have ever received. He gets along very well with my boyfriends dog Trooper who is a Rottweiler mix. Both of them enjoy play time and especially time around the cows. I wanted to thank the San Antonio Humane Society for letting us adopt Rustee. The adopting experience we had was truly professional and amazing!
