" Hi there! Just wanted to update you guys on Velmo our senior cat. He's just the best fits right in with our other cats. He loves cuddles scratches being brushed and wants all your attention. He sleeps with me he doesn't like to be alone or eat alone. He loves tuna pate and meows when he's ready for me to feed him. He's enjoying his senior years with us and we each give he the cuddles, attention and love he deserves. I would love to send pictures if you allow.

Thanks The Estrada Family
