“My name is Alana and my brother brought Waffle home to me last November 2022 as a surprise for my birthday! It has always been my dream to have a dog and Waffle is the perfect one! She was 3 months old when I got her and is now closing in on 11 months! I was told she was a kennel favorite since she was the only puppy left for quite some time... Over the last year her unique, funny, and diva personality has become apparent. She loves going to her grandparents house to play in their big yard. She loves all the snuggles she can get and absolutely never gets out of bed before noon.

She loves her kitty brother and if it's quiet in the house: they are up to something they shouldn't be. She is known for her dramatics and the way she can pout/throw fits! Her favorite place in the whole world is doggy daycare and if she has to leave early, you will experience one of these fits. This is where she plays all day with her friends and gets her picture taken in all sorts of costumes (see photo). She has yet to meet a human or animal she doesn't love including donkeys, horses, birds, cats, and kids. She is the best little girl in the whole world! She has had many adventures in the last year and there are many more to come!
