

## Success HUMANE Stories!

Hello! My name is Anita! I adopted my kitty on Sept 11, 2022 & brought her home the next day. Her name was Lady Gaga at the shelter, but renamed her Daisy.

I came across your tiktok account earlier today and wanted to see if she was posted at anytime prior to adopting her, and she was! She is the first kitty from the 9-2-22 video.

I wanted to share some photos with you guys and give you guys an update since we are close to hitting 2 years together. Daisy has been the best thing that has ever happened to me. She is my best friend! She calms me down and makes me feel better when times are tough. She loves to cuddle with mama (me), play with her little mouse toys, and watch love island with me. She normally does not leave my side while I am working from home - which makes the day fly by.

I am very grateful for her and wanted to thank you guys. Here are some of my favorite photos of her.
