

FOR IMMEDIATE RELEASE

Siberian Husky Survives Multiple Bullet Wounds, Now Available for Adoption

San Antonio, TX - Sept. 6, 2024 - Mister, a resilient three-year-old Siberian Husky, arrived at the San Antonio Humane Society (SAHS) in early August with a shocking past. Upon intake, SAHS medical staff discovered that Mister's left hind foot had suffered severe trauma, with his toes completely broken and dislocated. X-rays also revealed a bullet lodged in the same leg, suggesting the brave dog may have survived multiple bullet wounds before arriving at the shelter.

The SAHS immediately implemented a treatment plan to relieve pain and repair his foot, including laser therapy and medical honey bandages. Due to the sensitivity of the wound, Mister had to be sedated for each bandage change. Despite the pain he was in, he continued to be a happy and easy-going patient through a whole month of dedicated wound care, and Mister has made a beautiful recovery! According to SAHS Associate Veterinarian Dr. Leslie Hopes, "Now that his foot has healed, he will be able to run and play without pain and be able to live his best life."

We know that Mister will make a great companion to his forever family thanks to the efforts of SAHS staff and volunteers. This remarkable story of survival highlights the importance of the SAHS' mission to provide medical care and a second chance to animals in need.

For more information and to adopt Mister, please visit SAhumane.org/adopt.

About the San Antonio Humane Society

The San Antonio Humane Society (SAHS) is a nonprofit, no-kill organization that has served Bexar County and its surrounding areas since 1952. As a local nonprofit, we are not affiliated with the Humane Society of the United States (HSUS). We do not receive funding from the federal government, the HSUS, or the American Society for the Prevention of Cruelty to Animals (ASPCA). The SAHS shelters, medically treats, and rehabilitates thousands of animals every year. Many are injured, abused, surrendered by their owners, or found as strays. All pets remain in our care until adopted. Our mission is to protect and improve the lives of dogs and cats by providing shelter, care, adoption, rescue, spay and neuter programs, and community education. SAhumane.org
