

Success HUMANE Stories!

11 Skye - She's been nothing but an angel so far! Safe to say she has found her new home! She loves our long walks on the beach and has become a big fan of her new bed! We have our first vet visit next week as well. I can't believe she even lasted a day without being picked up! Wish y'all the best! I'll send updates in the future as well.

Joshua
